Safety Data Sheet

Fragrance Free Hand Wash

Section 1: Identification of substance/mixture and of company/undertaking

1.1 Product Identifier

Trade Name: CoClens Hand Wash

Synonyms:

1.2 Relevant identified uses of the substance or mixture and uses advised against

Recommended Uses: Personal hygiene

1.3 Details of the supplier of the safety data sheet

Supplier:

Company: Cod Beck Blenders Ltd

Address: Cod Beck Mill Industrial Estate
Dalton Lane
Thirsk
YO7 3HR

Telephone: +44 (0) 1845 577117

Email: enquiries@cbchem.co.uk

1.4 Emergency telephone number: +44(0) 1845 577117 (24hrs)

Section 2: Hazards identification

2.1 Classification of the substance or mixture

Classification according to 1272/2008/EC:

Physical Hazards: Not Classified

Health Hazards: Eye irritation 2b
May cause skin irritation to sensitive skin

Environmental Hazards: Not classified

Most serious harmful effects: Can cause temporary mild eye irritation

May cause mild skin irritation to those with sensitive skin

Issued: 16-11-2020
Issue number: 01
Revision: 00

2.2. Label elements

Labelling according to 1272/2008/EC:

Signal Words	Irritant
Hazard Statements:	H20: Causes eye irritation
Precautionary Statements	P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing P501 Dispose of contents/container in accordance with national regulations
Supplemental label information	Keep out of reach of small children
Supplementary precautionary statements	P233 Keep container tightly closed

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bio accumulative and toxic (PBT), or very persistent and very bio accumulative (vPvB) at levels of 0.1% or higher.

Section 3: Composition/information on ingredients

This product is a mixture

3.2 Mixtures

Name	Numerical identifiers		Concentration limits	Classification
Buffering agent	CAS	Not Provided	1-2%	Skin irritant 2 H315
	EINECS			Eye Damage 1 H318
	REACH			
Surfactants	CAS	Not provided	45-60%	Skin irritant 2 H315
	EINECS			Eye damage 2a H319
	REACH			

Issued: 16-11-2020

Issue number: 01

Revision: 00

Section 4: First aid measures

4.1 Description of first aid measures

Inhalation:	Not applicable personal hygiene product that is non volatile
Skin Contact:	Not applicable personal hygiene product. If irritation does occur cease using the product and apply emollient.
Eye Contact:	Wash eyes with clean water until irritation subsides.
Ingestion:	Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately.

4.2 Most important symptoms and effects, both acute and delayed

Inhalation	Not applicable
Eye contact	Acute irritation of the eye. Symptoms are usually short term
Ingestion	Ingestion of large quantities may cause nausea, stomach cramps and diarrhoea.

Information for Health

Personnel:

Treat symptomatically

4.3 Indication of any immediate medical attention and special treatment needed

Specific details on antidotes: none known or believed to be required

Section 5: Firefighting measures

5.1 Extinguishing media

Inappropriate extinguishing media Avoid direct water jet which may spread the fire or cause foaming. Use extinguishing media suitable to the main fire

5.2 Special hazards arising from the substance or mixture Thermal decomposition is likely to release harmful quantities of oxides of sulphur and carbon

5.3 Advice for firefighters: Wear self-contained air fed breathing apparatus.

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures:

Wear full cover eye protection; goggles or face shield, gloves; nitrile, PVC or butyl, a water proof coverall.

6.2 Environmental precautions

Do not discharge into drains or watercourses or onto ground. Contain spillage with inert absorbent material.

Issued: 16-11-2020

Issue number: 01

Revision: 00

6.3 Methods and material for containment and cleaning up:

Contain large spillages with booms or dry absorbent material and use absorbent to collect spillage. Transfer to containers for disposal by a licenced waste disposal contractor.

Wash area thoroughly do not allow washings to enter watercourses or spread onto unmade ground. Very dilute washings may be collected and pumped to containers for disposal or allowed to go to mains sewers. Do not allow washings to enter storm drains

Small spillages may be collected on absorbent material for disposal or diluted and washed to sewer.

6.4 Reference to other sections:

For personal protection see section 8

Section 7: Handling and storage

7.1 Precautions for safe handling

Store in a dry area avoid prolonged contact.

7.2 Conditions for safe storage, including any incompatibilities

Keep dry. No known incompatibilities

7.3 Specific end use(s)

Personal skin hygiene

7.4 Conditions to Avoid:

None known

Section 8: Exposure controls/personal protection

8.1. Control parameters

Occupational exposure limits

Long term exposure limit (WEL) (8hr TWA) there are no known standards for this product

Long term exposure limit there are no known standards for this product

Short term exposure limit (STEL) there is no known standards for this product

Short term exposure limit (STEL)

Issued: 16-11-2020

Issue number: 01

Revision: 00

8.2 Exposure Controls

Safety signs

Engineering controls: Not relevant

Respiratory Protection: Not required

Hand protection:

Wear nitrile gloves if exposed for long periods

Eye / face protection:

Wear eye protection: Goggles or face shield when handling bulk quantities where there is a risk of eye contact

Skin protection:

Not required

Section 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance:	Viscous liquid
Colour:	White to cream
Odour:	Odourless
pH:	
Density	
Flash Point:	4 to 5
Flammability Range:	Not determined
Miscibility with Water:	Not determined

9.2 Other information

None

Section 10: Stability and reactivity

10.1	Reactivity	There are no known reactivity hazards associated with this product
10.2	Chemical stability	No stability concerns
10.3	Possibility of hazardous reactions	None determined
10.4	Conditions to avoid	None
10.5	Incompatible materials	None known
10.6	Hazardous decomposition products	Oxides of carbon, oxides of sulphur

11.0 Information on toxicological effects

Issued: 16-11-2020

Issue number: 01

Revision: 00

11.1 General Information:

This product is a personal hygiene product and when used as directed is not expected to be a hazard to health.

Inhalation:

No data

Ingestion:

No Data

Skin Contact:

No known effects

Eye Contact:

Eyes – Rabbit (For the concentrated surfactant)

Result: Risk of serious damage to eyes.

Acute and Chronic Health Hazards:

Eye irritation

Medical Symptoms:

Stinging and watering eyes

Medical Considerations:

Wash thoroughly with water

Section 12: Ecological information

12.1 Toxicity (*For concentrated surfactant*)

Eco toxicity in water:
(LC50): 4.3 mg/l, 96 hours [Fish].
(EC50): 6.3 mg/l, 96 hours [Daphnia].
(IC50): 3.7 mg/l, 8 days [Algae].

12.2 Persistence and degradability

Biodegradable

12.3 Bio accumulative potential

None known

12.4 Mobility in soil

No data available

12.5 Results of PBT and vPvB assessment

This substance/mixture contains no components considered to be either persistent, bio accumulative and toxic (PBT), or very persistent and very bio accumulative (vPvB) at levels of 0.1% or higher.

12.6 Other adverse effects

None known

Section 13: Disposal considerations

13.1 Waste treatment methods:

General Information

Dispose of via licensed waste disposal company within the requirements of local regulation.

Disposal Method

Reuse or recycle when possible. Disposal in accordance with local regulation.

Section 14: Transport information

Issued: 16-11-2020

Issue number: 01

Revision: 00

General:

14.1	UN number	Not required
14.2	UN proper shipping name	None
14.3	Transport hazard class(es)	Not classified
14.4	Packing group	Not classified
14.5	Environmental hazards	Not classified
14.6	Special precautions for user	None required

Section 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture:

EU legislation	Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (as amended).
	Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (as amended).
Workplace exposure limits	UK: EH40/2005 (Third edition; 2018) Ireland: Code of Practice for the Chemical Agents Regulations (2018)

Section 16: Other information

Safety Statements:

H15	Causes skin irritation
H18	Causes serious eye damage
H19	Causes Eye irritation
H20	Causes eye irritation

Precautionary Statements:

P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing
P501	Dispose of contents/container in accordance with national regulations
P233	Keep container tightly closed

Key literature references and sources for data: European Chemicals Agency, <http://echa.europa.eu/>

The mixture should not be used for purposes other than those described in section 1 of this document

Issued by: Health & Safety Advisor

Basis of classification: Regulation (EC) No 1272/2008 (as amended) plus associated guidance

Changes made in this Safety Data Sheet: None (original version)
